Community Cohesion

Modern Governor, a product within the Learning Pool portfolio, is a collection of bite-sized e-learning modules designed to help School Governors develop their skills

Building community cohesion is not something a school can do as a one-off act; it is an ongoing process.

Staff, pupils and Governors must do their utmost to ensure that every child or young person has an equal opportunity to achieve the most in life.

In this module, by using the example of a fictional school, we demonstrate how your school can promote community cohesion by

- tackling discrimination
- breaking down barriers
- raising educational attainment levels

Module Title: Community Cohesion
Module Duration: Approximately 45 minutes
Module Composition: Community Cohesion and Your School
