Equality and Diversity

Modern Governor, a product within the Learning Pool portfolio, is a collection of bite-sized e-learning modules designed to help School Governors develop their skills

Race, gender, disability, sexual orientation, age and belief are all covered by legislation to ensure everyone is treated fairly.

Schools need to make sure they have written policies on race, gender and disability. These plans can be included in a single Equality Plan, the impact of which you need to monitor and take steps to promote equality across the school.

In this module you'll discover:

- what Equality and Diversity means for you, for different social groups, and for schools
- the key legislation and guidelines relating to Equality and Diversity in schools and your responsibilities under the law
- how to assess situations that might arise and figure out the best way to handle them
- the best way to implement Equality policies and plans in your school

Module Title:	Equality and Diversity for School Governors
